Évolution

Milk Frothing Pitcher for a Perfect Cappuccino!

The new "Groove" design on the Cappuccino Pitcher acelerates the swirling motion of the milk simplifying:

- **the creaming effect, making the froth denser and plentiful**
- **execution time**
- **the incorporation of air, eliminating larger air bubbles**

The Groove can also be used as a reference for the milk quantity.

- The shape of the mouth provides better control when pouring the milk, making decorating easier.
- The large support surface of the base eases the cooling down of un-used milk.
- The ergonomic handle ensures a perfect grip.

V521

18/10 Inox - available in 4 sizes

Universal Heat Diffuser-Adaptor for Induction

V520

Dual-Use:

- As a heat diffuser, when placed between the burner and the pan, there is no need to stir the food since the heat is distributed in a uniform manner
- As an adaptor for induction, allows the use of normal pots and pans or coffee pots on induction burners
- 21 cm. (8.25 ") - 18/10 Inox
- Supplied with aluminum handle
- Suitable for all burners, including induction.

Enamel Coated-All Made in Italy

Cast-Iron Grill with Thermal Indicator
Lets you know when the ideal temperature is reached for perfect, healthy cooking without added fats.....

No more guessing with **Dietella Go....** when the thermal indicator on the handle changes color from black to red you know the pan is ready for grilling your favorite meat, fish or vegetables.....

- Dietella Go can be used on gas and electric burners, modern glass, ceramic and induction stovetops
- Ergonomic Handle with low heat retention for safe grip - Stainless Steel
- Pouring Spouts remove cooking liquids, reducing smoke and odors
- Ribbed Surface grills perfectly, separating the food from the fat
- Exclusive Design is soft and harmonious for a designer kitchen
- Enameled Surface is abrasive resistant and food safe
- Thermal Indicator lets you know when the grill is ready for healthy, low-fat cooking
- Two sizes: 10" Square and 9"x14.5" Rectangular
